

Slovenian Society of Cardiology - Cardiology Academy

Is organizing an

International Symposium

**JOINING FORCES.
IMPROVING OUTCOMES.**

Bridging theory to action in CVD risk management

Date:

4 October, 2024

Organizer:

Slovenian Society of Cardiology

Venue:

Novo mesto, Slovenia

Speakers:

Prof Michal Vrablik, MD, PhD (moderator)

Czech Republic

Prof Zlatko Fras, MD, PhD

Slovenia

Prof Philippe Gabriel Steg, MD, PhD

France

Prof Robert Julian Gil, MD, PhD

Poland

Prof Mišo Šabovič, MD, PhD

Slovenia

Prof Nebojša Tasić, MD, PhD

Serbia

PROGRAMME

Friday, 4 October 2024

10.30	OPENING
10.35 – 10.50	Welcome address and plenary lecture <ul style="list-style-type: none">○ Tackling CVD risk in Slovenia: Major challenges and breakthroughs
10.50 – 11.15	Mapping our journey: Real-world evidence on the goal achievement <ul style="list-style-type: none">○ Epidemiological study Discovery: Real-world management of hypertension and hypercholesterolemia across Europe and beyond○ Implementation of guidelines in clinical practice: What are the barriers?
11.15 – 11.40	What makes a country low in CVD risk? Unveiling the French key factors <ul style="list-style-type: none">○ Lessons from France: Key success factors for the country's low CVD risk○ European perspectives: Achievements and application of French success factors in other countries
11.40 – 12.10	<i>Coffee break</i>
12.10 – 13.05	Enhancing CVD risk management: Effective strategies for better results <ul style="list-style-type: none">○ Total CVD risk: How to estimate it?○ Short-term vs lifetime risk: What's the impact?○ Tackling residual risk: Insights and strategies○ Early goal achievement: The power of combination therapies
13.05 – 13.25	From theory to action: Consensus on CVD risk management
13:25 – 13:40	Satellite symposium (Krka, d.d., Novo mesto)
13:45	CLOSING

This symposium is organised by the Slovenian Society of Cardiology and sponsored by Krka, d. d., Novo mesto.
